SUMMARY

Full Stack Developer with hands-on experience in building scalable web applications using the MERN Stack. Built several full-stack projects to strengthen practical knowledge. Currently expanding skills in DevOps and CI/CD workflows. Eager to contribute to real-world software teams and grow as a developer.

EDUCATION

Mumbai University, A.C Patil college of engineering

Mumbai

Bachelor of Computer Engineering

Nov 2020 – June 2024

- **Relevant Courses:** Operating System, Internet Programming, Database Management System, Data Structures
- **Cumulative CGPA/Percentage:** 7.1

PROJECTS

Snappix :

- Developed a **full-stack social media application** using **Next.js App Router** with features like post creation, likes, comments, and profile management.
- Integrated **Clerk** for secure user authentication, sign-up/sign-in, and session management with role-based access.
- Used **Neon (PostgreSQL)** as the cloud database and **Prisma ORM** for schema modelling, migrations, and database interactions. **Job Portal :**

Aryan Engineers :

- Structured the website using reusable React components, enabling easy updates and future feature expansion with minimal code duplication.
- Included an interactive contact form with validation, streamlining client communication and improving lead capture.
- **Project Link :** <https://aryanengineering.in/>
